

1. Create a website with atleast 5 pages linked to each other with following specifications:
 - a) Place all the images and files in one **folder**
 - b) All pages should contain link to other pages
 - c) Website must include image mapping
 - d) Registration, feedback or any other form must be incorporated to take the data from the user.
 - e) Logo must be designed and inserted

Note: Website should be made by the student and not by any external source. Text can be taken from internet, but do not simply copy & paste kindly edit the text and keep it simple. A zipped file of the **folder** should be sent to arushi1036@gmail.com with following details Name of the student, Class & Section, Roll No & Name of the Project on which website is made.
